

Large media corporations attempting to control satellite radio is just another way these corporations that has no interest in serving people with news but to control the airwaves with the assistance of the FCC must stop. Those who want to receive content that is not subject to FCC free air rules purchase satellite radio. Please stop this nonsense. Allowing large media corporations to control satellite programming must be stopped now. Please keep politics out of this. Let us purchase real programming dictated by the subscribers and not the Conservative Right or Large Greedy Corporations.
